

Box frames

Short description:

A modern design adding depth to your pictures

Long description:

Our box frame is milled from solid ash, hand-stained by our team and finished with a specialist wax to accentuate the grain. The frame has a box profile measuring 20mm (front face) by 33mm (depth from wall).

Each box frame is available to order with or without a mount and comes with a choice of frame colour, including black, white, natural or brown (UK only). Glaze options include a durable Perspex glaze or anti-reflective moth-eye glaze.

Our premium moth-eye glaze features a revolutionary coating made from a special type of anti-reflective thin film, creating a stunning, no-glass effect.

Please note: the size listed for each frame refers to the size of the glaze and does not include the width of the frame. For example, A4 prints without a mount will fit an A4 glaze exactly, but prints with a mount will be smaller than A4 to fit the mount window opening.

Features:

- Includes a Giclée fine art print
- Solid wood frame
- Choice of frame colour
- Can be ordered with a mount
- Perspex or moth-eye glaze options
- Delivered ready to hang
- 100+ year colour guarantee
- Available in sizes ranging from 5x7" to 45x60"
